

## Pacific Interior Accent – Technical Information

### Customized shapes

For an additional fee, Pacific Interior Accent can be supplied in customized shapes within the following framework:

- Max. 20 mm clear space on each side (in relation to the panel width)
- Max. 15 mm deeper than the panel depth

### Materials

Intermediate profiles: 3 mm painted etronite  
 Installation fitting for top and bottom profile: aluminium

### Colours

Profiles are available in 128 different standard colours and over 3,000 special colours. For an additional fee, the profiles can also be supplied in customized colours.

### Assembly

The profiles are mounted on the same rails as those that hold the Pacific panels. The top and bottom profiles are attached using the fittings supplied.
