

Modulex - Messenger Exterior

Messenger is ideal if you want to communicate strength and self-awareness.

It combines leading edge design with outstanding resilience. The sharp lines and superb finish create an impression that is both bold and contemporary.

Entrance

Shapes

Choose from a wide assortment of wall-, projected and free-standing signs. The modular system makes it easy to put together individual solutions and make changes.

Materials

Aluminum plate with welded bolts. Framework and other installation materials are made of extruded ABS plastic mouldings, extruded aluminum and galvanized steel. All together to face harsh weather and physical conditions.

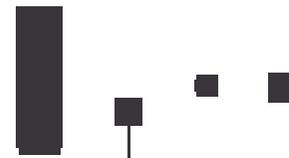

Colors

Panels are stove-enamelled to your colour specifications to create a superb lasting finish and are available in 128 different standard colours and more than 3,000 special colours.

Text and graphics

Messenger gives designers the freedom to create any style of sign they want, from bold and innovative to simple and elegant. The flexibility means that Messenger signs can be used in any environment, in parks and gardens or even alongside the most modern architecture. The solutions available includes vinyl, digital print and print on panel.

Questions?

For further information concerning technical data, sizes, custom or your own specified and configured signs, do not hesitate to get in touch with us. You will find our contact information at the bottom of this page and on: www.lexsign.se

Warranty

We provide a 2-year production warranty on all parts.

Environment

With a very few exceptions, all parts are made at our factory in Denmark and are therefore subject to some of the most stringent environmental requirements in the world. Moreover, in recent years we have received recognition and numerous awards for our ongoing work to minimise environmental impact and create a green, climate-friendly company.

Quality

Modulex has been awarded the ISO 9001 standard.
